## 6. Open Response:

- <sup>6.1)</sup> What are the strengths of this course?
- Having an instructor that gives us help when we need them.
- How there's a lot of communicating and I'm able to turn my assignments on time.
- I think I am becoming very well aquatinted with the writings.
- It helps you prepare for college
- The main strength of this course is getting to be familiar with the amount of work that college puts on you. The most helpful thing I learned is time management. I also think a strength of this course is doing "uncomfortable" or " unpleasant" work like writing papers a lot and doing discussions with peers.
- <sup>6.2)</sup> What changes would you recommend that would improve this course?
- All have a week where the load is less heavy.
- I don't think there's anything I would change.
- None
- nothing
- the only change I would make is to make the course syllabus outline the assignments of the semester correctly. The dates were all wonky and assignments were added and removed.
- <sup>6.3)</sup> Any further, constructive comments?
