Comments Report

6. Open Response:

- 6.1) What are the strengths of this course?
- Personalization depending on what you need help with.
- 6.2) What changes would you recommend that would improve this course?
- I would change the way some assignments are graded. For example if a quiz is all open-ended questions the instructor would have to go in and grade it- but until then it is put in as a 0.
- ^{6.3)} Any further, constructive comments?
