6. Open Response:

- 6.1) What are the strengths of this course?
- The content is interesting and engaging.
- This teacher really actually seems to care about her job and I really appreciated that. The lecture videos are actually interesting to watch, mainly because of her personality, but they also include a lot of really cool information. This teacher made me want to switch my major to psychology.
- 6.2) What changes would you recommend that would improve this course?
- Not anything big off the top of my head.
- The lecture videos all together were very long and took up a lot of time. If I were to take this class again, I would take one less other class just so I had time to watch them fully and still have time in my day.
- ^{6.3)} Any further, constructive comments?
- No.
