4.14) Please comment on BC support for online classes.

- On-line registration is not user friendly when you are currently in a class that is a prerequisite for the next class you need. You have to make a trip to the college to get a counselor to help you. This isn't easy when you work fulltime and get off work after the support closes.

- This course follows the flow of the objective. What was learned in prior classes is useful now as the information now will be helpful in later classes.

- Great class that made learning enjoyable. Look forward to taking other classes with you.

9.1) The comment box provides a chance to anonymously communicate any specific impressions (either overall impressions or impressions about particular and specific things) to the instructor. Please feel free to write a lot in the comment box since your feedback is probably the single most important way that courses get better from one semester to the next.

- I found this course very enjoyable. It was thorough and to the point while being pretty interesting. The only thing I found was that the tests were just a little bit harder than what our study material was. Overall I hope to take you again in the future.

- Overall impression is to not change anything. Class is structured where you are not overwhelmed, and it is easy to learn.
