2. More Than One Instructor:

^{2.1} If your course had more than one instructor, in the box type the name of the instructor you are assessing. If your course only had one instructor, skip this question.

6. Open Response:

- ^{6.1)} What are the strengths of this course?
- The instructor provides constructive criticism and gives plenty of additional sources as well as being available to answer questions in a timely manner.
- Work at your own pace for the most part
- ^{6.2)} What changes would you recommend that would improve this course?
- Make the assignments clear. Several of the assignments did not make clear what was actually needed, the information was lacking.
- More work from the book. For it to be required but barely used feels like a waste of money. The group project is highly stressful on students not only taking other courses but also working and taking care of families.
- There needs to be more instructor involvement, I know it is hard to get all together for a zoom meeting but if you have 2 different meetings a week at different times it could be more manageable.

I feel a lot of these courses are just cookie cutter material, there really is not a whole lot of engagement from the instructors. I know this is a online course but its hard to really know exactly what they want us to do at times and information could be clearer. There has been only 2 instructors that I know of in the entire program that really put a lot of information out with examples.

IT IS DIFFICULT TO UNDERSTAND WHAT YOU WANT WHEN YOU ARE NOT CLEAR!
