Comments Report

3. Your Course

- ^{3.4)} Please add any comments you would like to share.
- This isn't my first online class. I was accepted into the bachelor's program last August. Every class I have been enrolled in since has been online. This class is very messy. The syllabus is not in order. When you ask the professor to clarify a project or a concern, he tells you to go look at the syllabus. His grading is weeks behind. His emailing is even worse. I get responses after an assignment is due. His instructions for major assignments are unclear and unorganized. Dropbox has contradicts his class messages.

5. Course Design

Course activities (assignments, discussions, quizzes)....

- ^{5.13)} Please add a comment about the course design.
- Nothing was understandable with this class. Other than the assignments out of the book, I haven't learned anything to use for leadership skills. The interview assignment has nothing to do with leadership. The professor is hard to ask questions to and very shortcoming with help. He is full of hot air but no constructive criticism given.

8. My instructor....

- ^{8.4)} Please add any comments you would like to anonymously share with your instructor.
- I know this is his first class to teach at the school but he is not involved with his class at all. This makes me think he has no time for his students. Emails go unanswered for weeks, grades weren't graded until 4 weeks after the assignment was due.

9. Final Comment

- ^{9.1)} The comment box provides an opportunity to anonymously communicate any specific impressions (either overall impressions or impressions about particular and specific things) to the instructor. Please feel free to write a lot in the comment box since your feedback is probably the single most important influence on course improvement.
- This class has made me cry and pull my hair out....literally! I have never a worse experience in any class I have taken.
