^{5.13)} Please add a comment about the course design.

NONE of the assignments gave clear instructions. It was almost impossible to figure out what the professor actually wanted.

8. My instructor....

- ⁸⁴⁾ Please add any comments you would like to anonymously share with your instructor.
- Not only did he take a long time to respond to emails he was not very nice in what or how he responded. He made you feel like an idiot for asking questions. I finally gave up trying to ask him anything.

9. Final Comment

- ^{9.1)} The comment box provides an opportunity to anonymously communicate any specific impressions (either overall impressions or impressions about particular and specific things) to the instructor. Please feel free to write a lot in the comment box since your feedback is probably the single most important influence on course improvement.
- Didn't agree with the way he graded my essays to me wasn't fair. My essays spoke according to the book but not good enough for the instructor. Never had issues with my essays in other classes.
- This was probably the worst experience I have ever had in a classroom. None of the assignments had clear instructions. He says to email with questions but then belittles you for asking. Would not recommend to anyone to take a class from this professor.
