Course Description & Instructor Information

Welcome

I am delighted to welcome you to PSYC 1300 Learning Frameworks. I hope you will not only learn a lot in this course, but you will find it fun and engaging. Each lesson comprises a series of different activities to help you master the content in an engaging way. In fact, I hope we will co-create the experience by fully participating in the discussions, being active members of the various activities, and communicating to me your thoughts and suggestions about the material I am about to share with you.

Course Description

This course has been designed to expose students to a very different experience to what they may have had in other courses – in terms of:

- A welcoming environment
- Strong community-building component – including establishing trust with the instructor and clarifying course expectations in a fun, inclusive way
- Stimulating motivation for participation
- Connecting the purpose of this course with the student's personal interests and future direction.

The topics covered include goal-setting, effective time management, note-taking strategies, how to undo “bad” academic habits, test-taking strategies, and much more.

Meet the Instructor

About Me

I am a Grant Project Manager for Adult Education and Literacy at Brazosport College and an adjunct faculty for Brazosport College. I am the youngest of eight kids and a first-generation college graduate. I am also a lifelong resident of Angleton, TX (yes, proud Wildcat). I attended Brazosport College until transferring to UHCL, where I received my BS in Business Management. Then, I went to UH (Go Coogs!) and received my Master's in Social Work. I am also a Licensed Master Social Worker. I worked in social services for ten years before coming to Brazosport College in 2018. My son graduated from Angleton in 2021 and is currently at LSU (Geaux Tigers!), and my daughter is six years old and in first grade. My passion is helping others and volunteering when I can.

Course Overview & Structure

This is an asynchronous online course. All materials, assignments, discussions, and tests will be conducted in D2L. *There are no live meetings.* The course structure will include readings, videos, discussions, assignments (quizzes, papers, projects), and exams. D2L is open 24/7 so

you can work on assignments and because you are not on a fixed schedule, **it is up to you** to develop the discipline and schedule the time to be an active learner in this environment. Course material is available in the Content area of the course. Assignments (quizzes, papers, projects, etc.) will be "turned in" in D2L - dropbox/quiz area. You are also responsible for keeping track of your grades and attendance. I *highly recommend* you schedule times each week to work on the course.

As a college student, you are expected to conduct yourself as a responsible adult. This includes but is not limited to participating actively in the course (see attendance policy), seeking academic help, and addressing any problems you may have directly with your instructors. The Rights and Responsibilities of BC students are outlined in the BC Student Handbook and Calendar. A student's enrollment in this class acknowledges he/she intends to learn course material AND integrate and apply the learning skills discussed across their own academic programs to become effective and efficient learners. If you are unsure of what is appropriate class behavior, please ask.

Communication/Instructor Response Times

*Communication will occur using various interactive tools (Email, Dropbox, and News item area). **Please use your college email account (either [Outlook](#) or D2L) when communicating with me – this is college policy. Brazosport College requires that I reply to BC's email only.*** When emailing, be sure to include a subject and your name along with a full explanation of your concerns.

Feedback on assignments is another way in which I communicate with students. Be sure to read any and all feedback on assignments and make any adjustments needed for future assignments.

I will respond to emails sent during the week within 24 hours and over the weekend or on holidays within 48 hours.

Note: Most quizzes (the ones not auto-graded are noted in the Course Calendar) are auto-graded upon submission. All other assignments will be graded within one week of the due date.

Course Schedule

The schedule is tentative and might change during the semester according to how the course evolves. The content is also subject to change, depending on students' interests and progress.

Activities are due at the end of the week on Sunday at 11:30 p.m., except when otherwise noted in the Activity Due Dates column.

Grading Criteria

Students are required to complete all Activities (assignments), participate in discussions, and submit all written work according to the stated deadline. Participation is crucial for success in this course. College instructors expect students to spend time reading, writing, and studying course material.

Grades can be viewed by clicking on Assessments and then clicking on Grades. You can also see your grades by looking at the area "Your Name"

Progress. Any issues with grades need to be brought to my attention immediately.

The breakdown of the requirements is as follows:

10%	Participation (This includes assignments such as activities and reflection)
10%	Discussions
15%	Quizzes
10%	Written Assignments
10%	Library Modules (There are 3 modules)
10%	Financial Wellness Unit
15%	Career Project (There are 4 parts to this)
10%	Midterm Exam
10%	Final Exam

Semester grades will be earned as follows:

90% and above	A
80 % - 89%	B
70 % - 79%	C
60% - 69 %	D
59.9% and below	F

You must have a C or better to receive transfer credit or dual credit.

PARTICIPATION (10%)

During the semester, you will be given several assignments to work on that will count toward your participation grade. These will include discussions and Dropbox assignments.

DISCUSSIONS (10%)

During the semester, you will participate in a weekly discussion post. You will be responsible for responding to the original prompt and replying to posts from your classmates.

QUIZZES (15% of semester grade)

Students may have a brief quiz on the material from presentations or reading assignments. Quizzes not taken by the due date will receive a zero for that quiz grade. Quizzes that are auto-graded will show grades upon submission. Several quizzes are not "auto-graded," meaning you will not have a grade until the instructor can grade the quiz.

WRITTEN ASSIGNMENTS (10% of semester grade):

You will complete several written assignments this semester. These assignments are designed to help you reflect on the course material and your experiences outside of class and college and stimulate new insights on becoming a more successful earner. Students who follow the directions and the example will receive the highest points. Please read all directions carefully. More information and an example will be provided.

LIBRARY PROJECT (10%)

You will complete 3 modules to help you better understand how to find information, examine sources, and cite sources to avoid plagiarism.

FINANCIAL WELLNESS (10%)

You will complete three activities to help you better understand your future career salary, budgeting, and credit scores.

CAREER (15%)

The Career Project has four parts: Career Interest, Career Exploration, a Career Interview, and a Career Presentation. More information on these parts can be found in the Successful Students and Careers module.

EXAMS (20%)

Students will complete two major exams (midterm and final) and various module quizzes this semester. More details are provided within the online course, including how to prepare to "ace" these exams. EXAMS MAY NOT BE TAKEN OR SUBMITTED LATE.

LATE WORK POLICY:

Since the core focus of this course is to prepare you for experiences in higher education and/or your future in the workplace, completing work on time is considered highly desirable and an important asset to develop. **LATE WORK WILL NOT BE ACCEPTED.** Assignments submitted LATE will NOT be graded and WILL BE given a ZERO. This policy is subject to change only with EXTREME extenuating circumstances.

Most assignments are due on a Sunday night. If you do not receive a grade on an assignment within the following week, please contact the instructor ASAP. **Keep track of your assignments by using the GRADES area in the course.** D2L has added a tool on the Course Home page that reminds you of the work that you still need to complete for the week. Since not all assignments may be posted in this area, be sure to consult the Course Schedule daily.

Computer problems and technical difficulties are not acceptable reasons for late work. D2L is shut down at times during the semester for updating – be sure to be aware of these dates. Use good time management skills and start your work early.

If you contact me before the assignment is due, and as soon as you know there is an issue, I will try to help you. If not, I am not able to help. Issues (technology, etc.) need to be brought to my attention before 6 hours of the assignment's due date (example, if an assignment is due at 11:30 pm, you need to contact me by 5:30 pm of the day the assignment is due).

ATTENDANCE/ACTIVE PARTICIPATION

Class attendance is required. In an online course, attendance is determined by **active participation**. Active participation means that you are logging in weekly, contributing to class discussions, accessing course materials, and completing class assignments.

A student may be withdrawn if there is no evidence that they have actively participated for two consecutive weeks and have made no

attempt to contact the instructor to discuss this. The instructor will complete the required paperwork for an Administrative Withdrawal only if the student fails to participate for two consecutive weeks.

It is the student's responsibility to withdraw from the course if circumstances occur that could prevent the student from successfully completing the course. Students should notify the instructor of the decision to withdraw and must not expect nor assume the instructor will complete the paperwork for the student. All students who remain in the course after the last day to withdraw will receive a grade based on their performance. Be sure to check the [BC Catalog](#) to determine the final date to withdraw from the course.

Withdrawal requests should be sent directly to the Admissions Office at admissions@brazosport.edu.
