College Resources

Brazosport College [Student Success Center](#) exists to provide a variety of academic support services to all students. These services include Learning Framework, Supplemental Instruction (or SI), the Brazosport College Writing Center, the Brazosport College Math Center, Student Mentor support, along with other forms of tutoring, and workshops. Research strongly supports the use of services at the Student Success Center. Students who take advantage of these services earn higher grades, are more likely to stay in college and graduate at a higher rate.

Supplemental Instruction (SI)

[Supplemental Instruction \(SI\)](#) is a free academic support program that uses collaborative, hands-on learning strategies to increase academic performance and retention in SI-supported courses. SI involves the use of regularly scheduled peer-facilitated sessions in which students are provided the opportunity to process and practice course-related information.

Each SI section is facilitated by a peer leader who has successfully completed the same course. SI leaders are facilitators that function as “model students.” They attend all regularly scheduled lectures, take notes, and read all assigned materials. The SI leader conducts three or more out-of-class SI sessions each week to share learning strategies, review material, and answer questions. The overall goal is to integrate “how to learn” with “what to learn”.

All students enrolled in an SI-supported course are eligible and strongly encouraged to participate. At Brazosport College, students who participate in SI tend to earn from one-half to one full letter grade higher than those who do not participate in SI.

To learn more about which courses are supported by SI, or for general questions about SI, contact the Supplemental Instruction Coordinator, Pat Jeffreys, at 979-230-3322.

Writing Center

The mission of the [Brazosport College Writing Center](#) (BC WC) is to create and facilitate a culture of literacy at Brazosport College. We believe that literacy education is a life-long process. Life is lumpy. While we might have one plan today, we don’t know what skills we will need in the future. All fields require literacy skills, and reading and writing are components of science, nursing, and workforce programs as well. Effective communication is a skill that employers always need, and the Brazosport College Writing Center is committed to supporting the reading and writing of our academic and larger community.

The BC WC is not just for people who find writing, reading, or speaking difficult. All successful writers know that nothing is written in isolation. Writers need readers, and the Writing Center has at least two readers on staff every hour to work with you at every stage of the writing process.

Along with walk-in visits, we also allow students to schedule appointments in advance by visiting the [BC Writing Center](#) online or calling us at 979.230.3184 or 3460, and students have a choice between 25 minute and 55 minute session lengths.

Other Academic Supports Services

The Student Success Center provides three study rooms that are available for student use, along with thirteen computers with printing capabilities. Students are encouraged to reserve these study rooms to collaborate with classmates to work on projects and assignments. A conference room is also available and can be reserved for large group meetings.

Students who desire assistance in a subject not listed or have questions about these additional services contact the Student Success Center, at 979-230-3184.

The Library

A vital learning resource, the college library contains more than 70,000 volumes, 345 periodical titles, and a variety of full text, online databases. The library maintains extensive back files of periodicals, in bound, microform and electronic full text formats. Newspapers from locations throughout Texas and the United States are available.

The library offers a number of powerful online resources. Its web site, located at <http://www.brazosport.edu/library>, is designed to provide access to the library's automated card catalog, as well as a number of electronic resources, including full text journal and newspaper databases and electronic books, all available on-campus, off-campus and by mobile device. The library has 24 computers and 14 laptops for student use on a first-come, first-serve basis. Printing in the library is 10 cents per black and white page and 25 cents per color page, payable at the main desk. Students may purchase paper in the library for use in open computer labs.

The materials in the library are selected jointly by the faculty and professional library staff to serve the curricular needs of Brazosport College students and faculty. The library staff welcomes student suggestions for new books, periodicals, and other materials. The library offers interlibrary loan services to students, staff and faculty.

The library has six study rooms available for students to reserve for private study, study groups or meetings. The rooms may be reserved up to two weeks in advance; reservations may be made in person at the main desk. The library also has a computer lab available for class instruction with 24 computers and an instructor's computer.

The library has knowledgeable staff to provide research assistance to both individuals and classes. Class tours, orientations, and specialized workshops may be scheduled at the main desk by calling 979-230-3310.
